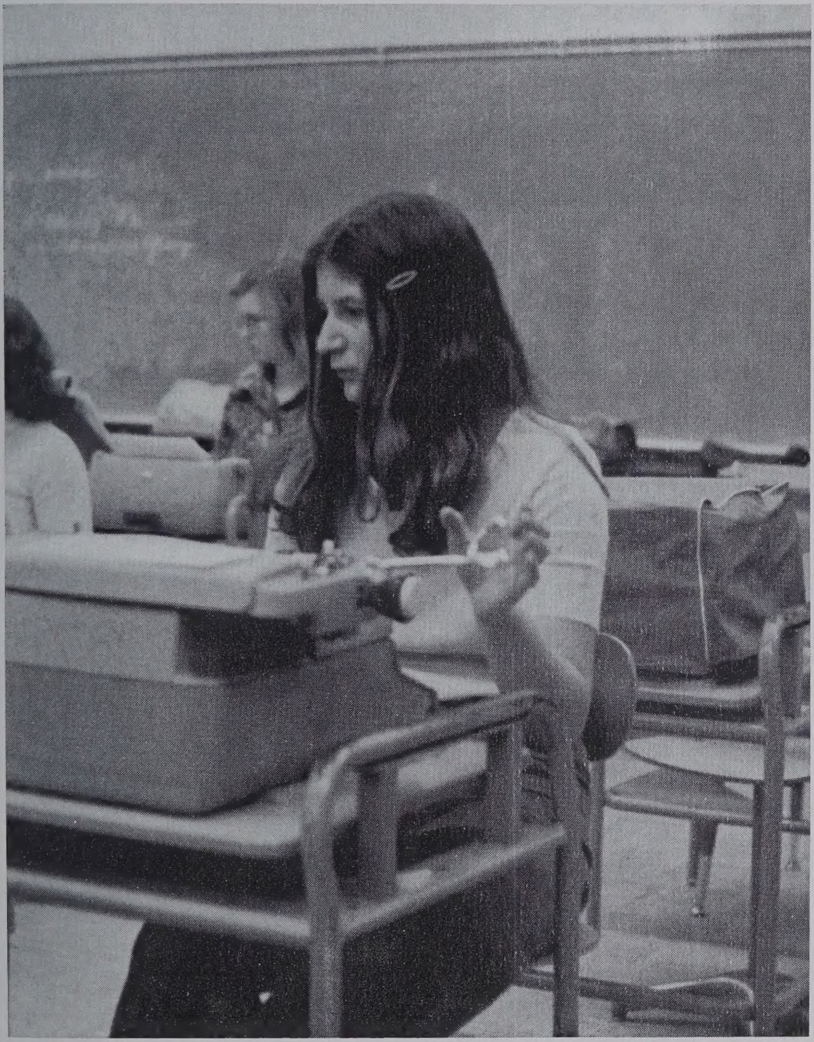
UP, UP AND WELCOME TO OUR WORLD



Our world is not one, but many overlapping worlds made like one with the common factor of school.

For some, the world is filled with only sports, for others, jobs take up all their time, or maybe academics.

And yet, with school required, we all are brought together to ''live'' with one another for nine months of the year. Being together helps make us aware of each other's worlds and broadens our horizons.

Through the school year we share the happiness and jubilation of a conference win or a good grade card, but we're also here to help each other through more difficult time.

student life/UP, UP, AND DOIN' OUR THING

Doin' our thing. Student life means whatever we do when we're not busy with clubs, sports, and classes.

It includes our city's centennial and the national bicentennial our country celebrated. The Auburn Fair, convocations, and the Little 500 provide a ''time out'' from classes for some relaxation and fun.

Even state and national events are topics of our conversations. Patricia Hearst's trial, Jimmy Hoffa's disappearance, and the primary elections with Ford, Reagan, Wallace, Carter, and Bayh all effect us.

Student life also means what we did in the five days we had off school for snow and ice. One weekend in January 12 inches of snow fell causing drifts three feet deep on some country roads.

So no matter what we do, all year long student life means doin' our thing.

GARRETT HAS A HAPPY BIRTHDAY

Garrett got a one year head start over the rest of the country in birthday celebrations as Garrett had its Centennial July 1-6, 1975, exactly one year before the U.S. Bicentennial.

Preparing for the celebration was a community project, as almost the whole town helped in some way. A mini park was created, business windows and fire hydrants were painted, and a general clean-up was carried out. Mrs. Marguerite Smith was chairperson of the General Committee.

During the week there was special entertainment every day. There were street dances and concerts played by the Army Band and the Garrett Community Band. Also, a contest took place to determine which "Brother of the Bush" had grown the best beard or mustache. For the women, a contest was held for the best Centennial dress. Throughout the week the business district was lined with carnival rides, games, and booths.

On July 3, a Homecoming was held in the Bateman Gym. All former Garrett students were invited.

The Clipper published a Centennial pamphlet and a Centennial issue of the newspaper.

On the last day, the celebration was ended with a giant party uptown including a king-size cake with enough pieces for everyone and 100 candles.

DIME TOSS GAME DEVOURS MONEY

"It was fun even though everything was the same," commented Kevin Pfefferkorn about the annual DeKalb County Fair.

FFA sold cider by the livestock barns and OEA sold handicrafts, chances on a quilt, and had a bake sale.

4-H students spent their week working on their animals getting them ready for shows. By the end of the week GHS 4-Hers had taken 12 Champion placings.

Monday, Thursday, and Saturday the band marched in parades. Garrett placed fourth in the Class A Division. "That was about the best thing that's happened since I've been marching. It was worth all of the work just to beat Eastside," said Bobbie Yarde. The grand finale parade, Saturday, included Janet Walton, first runner-up at the Miss DeKalb Pageant.

JANET RUNNER-UP AT MISS DEKALB

Miss Janet Walton was crowned at the Annual Miss Garrett Pageant. Laura Crager was first runner up.

Three new organizations widened the competition to 15 girls instead of the traditional 12. They were: Garrett Fire Department, Haffner's, and Lions Club.

The girls competing were: Janet Walton, Laura Crager, Cindy Picklesimer, Ann Muzzillo, Nedra Januseski, Anita Rahrig, Lori Dirr, Brenda Bergner, Sandy Kruger, Sheri Bock, Sue Chesterman, Jenni Johnson, Lisa Rex, Linda Zeider, and Trish Dircksen. The girls practiced from 6:30 - 10:30 for one week to prepare themselves for Saturday night. Cindy Picklesimer was chosen talent winner with the singing of a medley, "It's Almost Like Being In Love" and "I'm In Love With A Wonderful Guy."

Janet Walton went on to win first runner up at the Miss DeKalb County Pageant held at the Auburn Fair with Miss Laurie Davis from Butler winning the crown.

"Humbug" was the atmosphere for the Senior Play "Mr. Scrooge", held in the J.E. Ober Auditorium December 22 and 23. Eric Schurr portrayed Ebenezer Scrooge in a presentation of Charles Dicken's "A Christmas Carol".

While watching Christmases past, present, and future Scrooge was supposed to cry. "I could get tears at every practice but when it came to the real thing I couldn't do it," said Eric.

With the hard work of the cast, committees, and director Mr. Tim Albert, the play made more money than any other senior play. In appreciation for Mr. Albert and Eric Schurr's dedication to the play, statues of Scrooge were presented to them at curtain call on Tuesday night from the members of the cast.

Leo was the foe, with Garrett winning the Football Homecoming game 22 to 14. Senior Trish Dircksen, the Queen, rode in the winning float, a Bi-Centennial birthday cake, with Linda Michaels the other candidate.

Sophomore candidates, Tami Kelham and Lori Molargik, had trouble getting off their float, a red, white, and blue pony cart driven by Susie Kleber.

Junior candidates were Nancy Fourman and Alicia Oster. Lynn Diederich and Karen Dircksen were Freshman candidates.

During half time of the Churubusco game, on Valentine's Day, the ''Queen of Hearts'' was chosen for Basketball Homecoming. Senior candidates were Jude Fourman, Terri Cox, and Nancy Costin, who was elected queen. Others in Nancy's court were junior Tina Foster, sophomore Mary Bougher, and freshman Carla Gerber.

Basketball captains Randy Smith and Terry Diederich presented Nancy with a dozen red roses and a crown.

YOGA - THE MIND OVER THE BODY

"First convocation a big success!" Pete Carlson, featured performer for the Mousehole, played a guitar and sang folk songs including John Denver Hits.

Free Fare, group of three, presented a convocation of songs and skits including a portion of "The Johnny Carson Show". They also presented a concert open to the public.

Ed Schetter presented yoga and exercise techniques at a yoga convocation. He stated that with yoga, the mind controls the body.

Will Irvick presented Ragtime music and the meaning of ragtime. Due to complaints from all schools where Mr. Irvick performed, all money was refunded to the Student Council for his performance.

Mr. Mark Lowoski, demonstrated the professional way of archery. He showed and presented the different sizes, weights, and types of bows and arrows.

The first OEA Queen was crowned at the Annual Semi-Formal Dance on December 20. In order to qualify for the running, a senior member had to earn 90 or more points. This year's queen was Miss Deb Wiley. She received 6 red roses from the Garrett Greenhouse and a crown donated from Orts.

The dance had a Walt Disney theme of ''It's Going To Be A Snow White Christmas''. All decorations, which consisted of a complete Disney scene, Snow White and the animals, and the 7 dwarfs, were hand-made by the OEA members. Tables were decorated with white table cloths with center pieces of foil-covered styrofoam with red and green candles.

Entertainment was presented by the group ''Dream Four''. Door prizes were given during the breaks of the band. All prizes were donated by community stores in Garrett.

Finger sandwiches, snacks, and punch were served throughout the dance. All profit from the dance went to pay hotel expenses for the members at State Contests.

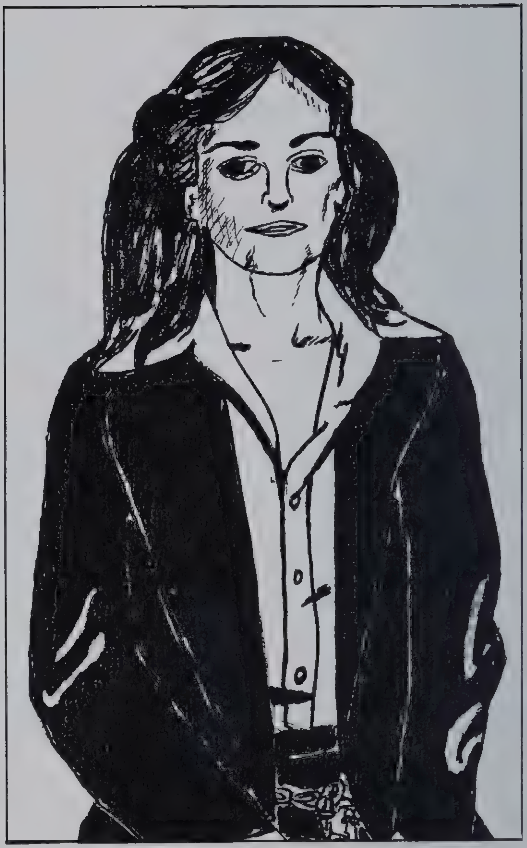
NEW MURPHY MART LEADING EMPLOYER

Working had become an accepted thing for high school students, along with the realization that jobs are hard to find. Students work for money and independence. Further education brings a need for work into the student's lives. College expenses are rising. Students must learn to take the responsibility of paying for these expenses and others.

Auburns new Murphy Mart was one of the largest employers with seven students. Others were McDonalds, Foodland, Shakeshop, Platner's Kruger's Market, Lincoln Life, and Burger Chef. We also had students who were employed on farms to help farmers with crops.

right: **WELL KNOWN FACE**--A well known face in newspapers across the country, heiress Patty Hearst is shown handcuffed after being convicted for bank robbery. below: **BREAKER ONE-NINE**--Joe Kobelia talks on his CB radio proving that students are also caught up in this new fad.



right: **STANDING AROUND**--Just standing around, Kim Payton shows off his macrame choker necklace and traditional bib overalls.

FORD AND REAGAN BATTLE FOR VOTES

One of the most outstanding world events was the kidnapping of Patricia Hearst. Hearst, a newspaper heiress, was allegedly abducted and held captive by the SLA. Patty was finally discovered and convicted of bank robbery. Her defense caused great controversy: was she brainwashed or not?

ALF-CIO leader, Jimmy Hoffa, was also kidnapped, but he was never found.

Spring was a time for primary elections. Jimmy Carter surprised the nation by leading the Democratic primary. Reagan and Ford fought a tough battle for Republican delegates.

For the first time, a major city went bankrupt. New York City declared its bankruptcy and received federal aid.

Pet rocks, mood rings, afros, and CB radios were among the fads to hit. The biggest movie was ''One Flew Over the Cuckoo's Nest''.

above: **HEEEEEEEEY**--Displaying their Fonzie t-shirts and thongs, Sarah Mavity and Lori Babbit imitate Fonzie's famous greeting. left: **FINALLY 18**--Voting for the first time, John Blomeke examines a sample ballot before entering the real booth.

"River City, Iowa! Population twenty-two hundred and twelve," yelled the conductor as a train filled with salesmen entered the train station. With these salesmen was a man by the name of Professor Harold Hill. Hill was a con artist whose profession was starting boys bands based on the "think system". The unusual thing about the professor was that he couldn't play a note himself.

As Hill trys to get the towns money, he becomes acquainted with Marian Paroo, the local librarian and music teacher, and slowly falls in love. Marian soon learns of Hill's plot but keeps it to herself. The rest of the town becomes suspicious when Hill starts trouble over a pool table.

When the instruments arrived, Marian secretly teaches the boys to play and this saves Professor Hill's life.

The team of Tim Bowman, Walt Rassel, Tim Lantz, and Tim Griffin, representing the track team, received first place trophies for winning the 40-lap bike race. Elaine Schurr reigned as queen and received six assorted roses. Dan Thiel was king as Lori Molargik and Susie Kock won the girls' tricycle race.

Tracey Johnson defended her title by winning the girls' suet derby. Junior-Senior boys' soccer game ended in a 0-0 tie. Powder Puff Football went to the Senior girls 8-6. Sophomore girls defeated Freshmen girls in Buck-Buck 43-33.

Snow cones, lemonade, sandwiches, hot dogs, brownies and cookies were for sale throughout the day from different classes.

"Shipwrecked in Paradise" was the welcoming theme at the Jr.-Sr. Prom on May 8. This was the first year that the prom had been on a Saturday.

Dinner was catered by Hall's Restaurant and Hypnotist, Dr. Irwin Ross followed with the entertainment. Volunteers were hypnotized and made to believe anything from being able to see through people's clothes to talking in "Moon Talk". At the close of his program, Lisa Rex performed as Cher, and Pat Kleeman was "The Fonz".

The group "Chapter 7" played a variety of songs for an hour's worth of entertainment. The most popular tune was a polka which was played as a special request.

Door prizes were given at the closing of the dance and a square dance followed at the Legion. "The Way We Were" was shown at the Gala and the prom concluded with a breakfast at the Eagles.

SMITH & KENNEDY TAKE TOP HONORS

Last week of school was busy for the Senior Class starting with a picnic at Pokagon. The threat of rain didn't dampen spirits as games of softball, frisbee, football and water fights kept everyone busy. Ham and soft drinks were provided by the Senior Class and everyone brought a dish for a potluck meal.

The next night, seniors met at Platner's for their Banquet. Joe Harmon and Jenni Johnson, accompanied by Tim Hullinger, sang the class song "You've Got a Friend" and Eric Schurr presented senior superlatives which class members voted on.

Wednesday night, seniors were honored at the Annual Awards Night. Members of the class were honored for their academic achievements by the school departments and area organizations. This year more State Scholarships were presented than ever before as 32 seniors were recognized.

On May 12, at the Tri Kappa Honor Banquet, Mr. Paul McFann named the top 10 percent of the class and Howard Smith and Dennis Kennedy as valedictorian and salutatorian.

One hundred and thirty-nine seniors went through the 21st Commencement exercises May 23. Graduating boys wore blue gowns and girls red with the exception of Honor Society members who wore white.

Eric Schurr, in his welcoming speech, made a special request to his classmates: "to look back on your high school years at the good times, not the bad. And more importantly, never forget those you have loved and have been loved by."

Howard Smith and Dennis Kennedy followed with valedictory and salutatory addresses. Both gave special thanks and recognition to those present. Howard stated, "We now step from the systematic security of high school into the uncertainty of independence. And I think we're prepared".

Ron Bowman, Pastor of United Methodist Church, presented the ministerial address entitled "God Governs". As we graduate, he gave us four character-building blocks to follow: Be critical, understanding, honest and pure.

sports/UP, UP AND COMPETING

Competing in sports is important for many at GHS. Whether you're on a varsity team, intramurals, or just a spectator, sports take up a good deal of our time.

The Cross Country team had its best season ever as they ended their season with an 11-4-1 record.

Five track members set new school records. The only boy's track record was set by Roger Creager in the high jump. Linda Schurr, Marcia Shaw, Karen Feasel and the 880 relay team set new marks for the girls.

Ray Osteen, in the heavyweight class, became the first GHS wrestler to win a sectional title.

In the Junior Olympic Boxing Tournament, one Champion and runner-up came from Garrett. Tom Esselburn won the senior class in the 132-pound division while Jim Murray lost in his bid for the 147-pound division. Another GHS boxer, Dave Walker, won the outstanding boxer trophy in the novice class at the state AAU tournament.

Lettering 14 runners, the cross country team under first year coach Steve Porter, ran to its most successful season in GHS history. With 16 members, the harriers finished third in the NEI Conference and tallied an 11-4-1 mark, running a tough schedule including the 3rd and 4th place State Meet finishers, Northrop and DeKalb.

The team members began practicing in July, earlier than in previous years, and held a 24-hour marathon on July 31, raising over $200 for the Garrett Police K-9 Corp. The runners set a new record of 238½ miles, breaking the old mark of 207 miles.

Tim Griffin smashed his 1974 school record of 13:11 three times, finally establishing the new record at 12:42. Two other harriers cracking the 13 minute barrier were Neal Esselburn and Tim Lantz. Griffin and Esselburn placed 5th and 8th respectively at the conference meet and earned berth on the All-Conference team. Lantz and Dan Somers received Honorable Mention honors. A new team record of 65:44 was set for the first 5 men against Eastside, shattering the old record of 67:31 set in 1974.

''Injuries to key players made the season frustrating and unpredictable,'' were the sentiments voiced by head coach Dave Wiant as the Railroaders started the season ranked thirteenth in the state ratings, but finished 5-5 and in the lower half of the conference standings.

Garrett went from the spoiled to the spoilers and that characterized the Railroader football fortunes. They became the spoiled in the season's second game when Carroll roughed up the Railroaders, sending Paul Yarian and Gary McPheeters to the hospital, on the way to snapping a 13 game Railroader winning streak.

After two conference losses, to East Noble and to the eventual champs, Bluffton, the Railroaders assumed the role of spoilers. Garrett upended previously undefeated angola for their first conference win. The, to celebrate homecoming, thrashed unbeaten Leo for the second straight conquest of an undefeated team. GHS slugged Lakeland, 50-0, to spoil the Laker's homecoming, but then ''spoiled'' archrival DeKalb's perfect 0-7 record, losing 26-16 at the Baron's field.

In the last game of the regular season, Garrett evened its conference record at 2-2, with a 42-6 pasting of South Adams. The win proved costly, however, as Paul Yarian rebroke his arm and Matt Ellert restretched a ligament in his knee and both were out for the play-offs. Garrett then lost the play-off for fifth place in the conference to Homestead, 3-0, as the Spartans kicked a field goal with only 15 seconds left.

Randy Smith was named to the first all-conference, while Yarian, Ray Osteen, Terry Diederich, and Rick McClish received second team honors. Junior running back and defensive linebacker Rick McClish was voted the Carson Culler award for the most valuable player by his teammates. McClish was also named to the first team all-area by the Evening Star and Yarian, Osteen, and Diederich were named to the second squad.

'JV'S SHOW POTENTIAL DESPITE 2-4-1 RECORD'

"People must remember that the primary objective of the reserves is not to win but to prepare the players for future varsity competition," Tim Albert, reserve coach pointed out; "therefore, the quality of the players can not be judged by their season record."

Coach Albert stated that as Garrett is a small school, the reserves must scrimmage with the varsity, running opponent's offenses and defenses. This, he emphasized, put Garrett's reserves at a distinct disadvantage in competition, since they did not have the opportunity to practice as a unit. The last two weeks of the season, the players stayed approximately a half-hour after the varsity left, to run plays themselves. This helped as they tied a tough New Haven team and tripped Woodlan.

Leading the reserves in rushing was Kim Payton; the passing leader was Pete Costin and Todd Custer was his leading receiver; Rick Jester and Don Holbrook lead the team in tackles.

The reserves finished with a 2-4-1 record with one "no show"; Garrett's reserves, the fans, the cheerleaders, the Aeolian photographer, and the officials all showed up at the Railroader field but Columbia City's reserve team never arrived due to a scheduling problem.

FROSH KNOW BASICS NOW MUST LEARN TO WIN

"The kids have all learned their fundamentals - when they learn to win they'll be tough." Those were sentiments expressed by freshman coach Richard Boyd after the frosh compiled a 2-6 record.

Coach Boyd felt his charges played their best game against a tough Bishop Luers squad. The fired up young Railroaders battled the future Knights even for most of the game but lost 13-0 as Luers broke away from a 0-0 half time tie with two touchdowns.

Carl Custer was the leading rusher for the frosh; Doug Fike was the leading passer with Larry Getts his leading receiver and Jed Feagler led the team in tackles.

For the girl's volleyball teams, the season was divided into two different segments, one winning and one losing. After ten games, the A-team had logged a 7-3 record while the B-team could only manage a 4-6 slate. The season, then turned around, to the dismay of the varsity, which lost 6 of 8 matches, but to the relief of the reserves which won 3 of 4. This brought the season record for both squads to the .500 mark, 9-9 for the A-team and 7-7 for the B-team.

First year coach, Pat Packard, was pleased with overall performance of her charges but was especially proud of the way they could lose the first set and still come back to win the match. Assisting Mrs. Packard was Miss Jean Peters, volleyball official.

Graduation took a first team all-NEIC forward, the top three guards, and the starting and back-up center from last year's varsity basketball squad. Paul Yarian, who averaged near 20 points a game for 1½ varsity seasons, and Kerry Oster both did not join the team until mid season due to injuries. The players to fill this depleted squad had to come from last year's reserve team, which posted but a 4-16 record.

However, first year coach Larry Piety did not let all this get him down. He came to Garrett with a simple brand of basketball. It was one of unselfish team play, a patient offense with balanced scoring, and an aggressive defense; it was one in which every player would feel part of the team.

This strategy worked as Garrett finished with a 9-11 record, 4-5 in the conference, sparked by upsets over Bluffton and NEIC champs, New Haven. It setional activity, Garrett upended Fremont but dropped a tough decision to DeKalb. The Barons avenged a regular season defeat in winning, 59-57, but the Railroaders showed their poise as they gamely rallied back from an 18 point third quarter deficit in almost pulling of the victory.

Terry Diederich led the Railroaders in scoring for the year and was named 2nd team all-NEIC. Mark Feagler and Mark Martin tied for second in scoring with a 10.5 scoring average.

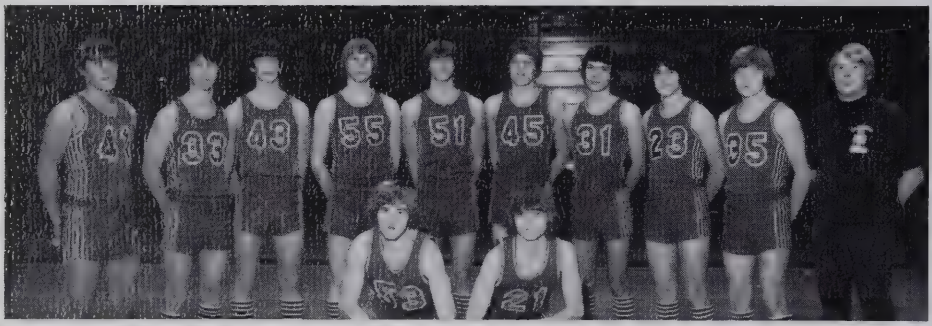
'SEASON WAS A SUCCESS' DESPITE AN 8-12 RECORD



"Overall, the season turned out somewhat better than expected. The season has to be considered a success because every player improved and as a team, the last half of the season was a 100% improvement over the first half," remarked first year coach, Mr. Dennis Feagler. His game strategy was a pressing defense which would cause turnovers and lead to easy layups. He also felt that a good, hardnosed defense would make the players more willing to work for good shots on offense.

Lance Kimmel was the leading scorer for the reserves, which ended the season with an 8-12 record. Kimmel, a junior, and sophomore Pete Costin lead the squad in rebounding. Coach Feagler felt his charges played their best games against Bellmont and archrival, DeKalb.

FRESHMEN CLIMAX SEASON; UPSET ANGOLA IN TOURNEY

Garrett 34, Angola 33-that was the highlight of the freshman basketball season. The young Railroaders reversed two earlier losses to the Hornets, on a 23 point drubbing, in capturing first place in the Eastside Tourney. The win climaxed a strong finish, 6 wins in the last 8 games, as the frosh completed the climb from a 2-6 start back to a .500 record.

Coach Richard Capin felt that the frosh made their biggest gain in mental attitude. "These kids went out thinking they couldn't win, due to their poor record in junior high but by the end of the season, they felt they could take anyone," Capin explained. "The win over a highly regarded Churubusco team was the turning point of the season and gave the freshman the confidence needed to win consistently."

Those were the feelings of first year coach, Mrs. Jackie Gilbert, on the girl's basketball season.

The major problem for the girls was their lack of offense. Garrett averaged only 33 points a game for the season and could never reach the 40 point plateau while the opposition averaged 47 points per outing.

Sophomore Beth Haffner and freshman Kathy Daley, who moved up from the reserve team in mid season, led the club in scoring while Daley and Kay Cornell, a junior, paced the squad on the boards. The varsity finished with a 2-10 record and the reserves turned in a 4-6 slate.

ROGER CREAGER BREAKS OWN HIGH JUMP RECORD

Determined but undermanned, a small contingent of but 16 fought through a schedule of teams with more than twice their numbers and came up empty, finishing 0-13 and placing last in the conference. Seniors shied away from track as 12 former lettermen did not participate as seniors.

There was some talent left however. Roger Creager twice broke the school high jump record he set last year, finally pushing it up to 6'3 1/8''. Creager, Garrett's leading scorer for the year, also pole vaulted and long jumped; he missed the school pole vault mark by 1/8 of an inch in a 12'8'' leap and he als long jumped 19'4''.

"My main concern was to get a lot of girls out and to stay out," commented first year coach Pat Packard. "It worked because we improved 100% over last year and we averaged a lot more points. We're building a good foundation for future years." Nineteen girls were out for track--the third season that girls had that chance. They finished with a 2-9 record and placed 7th in the conference.

Four new school records were set: Linda Schurr, in the mile; Marsha Shaw, in the softball throw; Karen Feasel, in the shot put; and the 880 relay team of Debby Scott, Kay Cornell and Tammy Nierman.

Schurr, with a second; Shaw, a third; and June Gordon, with a third place showing in the 880, all tallied points for Garrett in the conference meet at South Adams. Schurr also placed third in the sectionals in the mile, which qualified her for regionals.

7 BATTERS REACH .300 BUT PITCHING FALTERS

"The things I was optimistic about at the start of the season, I was disappointed in —notably, pitching and fielding. Hitting, which I was apprehensive about, came through," remarked first year coach Dennis Feagler. This was illustrated by the fact that the Railroaders averaged a healthy 5.6 runs a game but their opponents scored an average of 6.6 runs. The pitchers, however, can't be given all the blame as a porous defense committed an average of 3 errors a game.

Seven of the nine batters in the lin-up hit over .300 (stats. after 19 games), led by Matt Ellert's .396 mark. The season's surprise, according to Coach Feagler, was freshman Doug Fike. Fike batted .328, including a robust .421 in conference play, while leading the team in stole bases with seven. Fike was also tied for the team lead in RBI's, 11, and hits, 19, while scoring 12 runs.

INCONSISTENCY PLAGUES INEXPERIENCED GOLFERS

"We were a very young team with only one senior (Randy Hampshire) and the rest freshmen and sophomores. It was a year to gain experience for the coming season. The competition this year should make the next year's teams very competitive," reflected Coach Cleo Miller on the past season.

As it is with all young teams, the golfers were plagued with inconsistency. Many of the players moved back and forth between varsity and reserves and a lot of different golfers gained medalist honors for Garrett.

The most consistent golfers for Garrett were Randy Hampshire and sophomores Tony Creager and Scott Bowmar. The golf team, which finished 4-12 and 9th in the 10 team conference, played their best matches, according to Coach Miller, in losses to Concordia, 156-151 and Leo, 166-162.

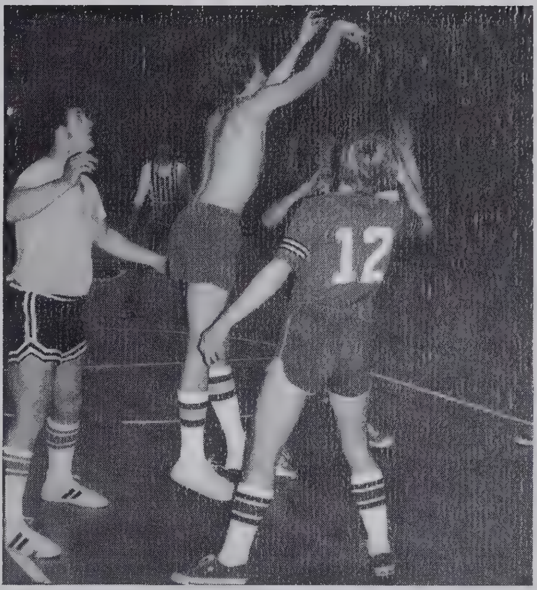
"UNDECIDED" RALLIES FOR INTRAMURAL CROWN



"Undecided" fought back from a 10 point second half deficit to upset the undefeated defending champs, A.J. Straights, in the title game of the intramural championships. The all senior "Undecided" team were Captain Dale Martin, Matt Ellert, Mitch McFann, Lon Fritz, Tom Molargik, Bill Burniston, and coach Tom Smurr.

The intramural program, under the direction of Mr. Willie Wellhausen, began with 10 teams but only 4 finished the season. Diamond Dopes placed third and Kiss finished fourth.

POM-POMS—"It was funny; it wasn't embarrassing. I'll never forget it," remarked Katie Kilgore on a mistake in the song "Theme from S.W.A.T." The pom-pom girls, under the direction of Mrs. Jackie Gilbert and Mrs. Louise Werkheiser, also performed at the Auburn fair, a football games, and two basketball games.

RAILETTES—Popcorn or coke anyone? Railettes sold these as well as candy during football and basketball games. "We even had a little visitor," Kelly McFann said of a baby mouse the Railettes found. Mr. Tom Crist treated the Railettes to dinner at the Moonraker at the end of the season.

Two Garrett members of the DeKalb Boxing Club, sophomore Tom Esselburn and junior Dave Walker, capped a successful season by winning state titles. This was but one of the many ways in which GHS students kept themselves fit outside the school athletic program. A group of boys rented the Gunner Elliot Ice Arena and played hockey on Saturday mornings while others chose to participate in the already organized summer baseball leagues and some enjoyed the solitude of jogging.

Varsity, JV cheerleading squads increased in size

Tradition was broken in choosing the 75-76 cheerleaders. There were 5 varsity yell leaders and 4 reserves chosen which represents an increase of one in both squads over previous years. ''I liked it because it was easier to work with; we could do more mounts, and I think it looked better, too,'' comments reserve cheerleader Carla Gerber on the change.

The varsity cheerleaders, under the guidance of Mrs. Judy Kockert, attended a one week cheerleading clinic at Vincennes University. Following this, they attended the Indiana State Fair in Indianapolis. To raise money, the cheerleaders sold sponges and pom-poms and held a car wash.

New varsity basketball coach, Mr. Larry Piety, brought with him several new ideas for increasing school spirit, including the Railroader chant. ''We needed new ideas for more spirit than we had in the past and Mr. Piety gave them to us,'' said varsity cheerleader Lori Babbitt.

clubs/ UP, UP AND PARTICIPATING

Participating in clubs is an important part of our extracurricular activities. The only new club at GHS was the Art Club, sponsored by Mr. Larry Earhart.

Pep Club had a new feature this year. It was expanded to include Jr. High Girls and a "Roundhouse Gang" was formed for the guys interested in being in a pep club.

For the first time our OEA had a member elected to a state office. At the state Convention, Renee Rist was chosen as Parliamentarian. The chapter came in fourth in the "Chapter of the Year" competition. Also the first Miss OEA was crowned at the Semi-Formal. Debbie Wiley received the honor.

The Letterman's Club had something new this year, too. They joined the National Big Brothers Program to be brothers to boys in the Steuben-DeKalb County area.

OEA—For the first time, an OEA member was elected a state officer. Renee Rist was elected Parliamentarian at the State Contest held in Indianapolis. OEA received 4th place in Chapter of the Year, Randy Pence won 3rd in Accounting II, and Anita Rahrig won 4th in General Clerical II. Winning 3rd gave Randy the right to compete at Nationals in May at Topeka, Kansas.

Bake sales, raffles, candy and candle sales, and the Semi-Formal were some of the money making projects held by OEA. They also made macrame key chains, bracelets, necklaces, and a Bicentennial quilt to sell at the Auburn Fair.

As service projects, OEA typed for the Bloodmobile. They campaigned for UNICEF for Wee Haven and typed for Mr. James Herzer and Mrs. Evellyn Esselburn.

Three OEA members and Mrs. Kathy Boice were interviewed on WIFF Radio in Auburn and senior members traveled to Ft. Wayne to WANE TV, Channel 15, to appear on ''Purdue Presents''.

Bake sales and initiations Keep NHS and Thespains busy

NHS—The first Easter egg coloring contest ever at GHS was sponsored by NHS. The junior class took top honors by placing 7 eggs in the top 10. Cotton Easter bunnies filled with candy were made and given to Wee Haven students.

At Christmas time, NHS members gave a party for Headstart. They made stockings and filled them with candy to be distributed by Santa Claus, Mr. Robert Harmon.

NHS also had 2 bake sales, the first one was uptown and the second was at the Little 500.

Eight juniors and 16 seniors became new members at the fall initiation.

THESPIANS—Nine Thespians were initiated in a private ceremony in the choir room. Jr. High students were helped with make-up for the ''Fastest Thimble in the West'' by Thespian members. They also helped put on the all-school production, ''Music Man''.

SPANISH CLUB--''Do you want to buy some Spook Insurance?'' During October, Spanish Club members sold ''Spook Insurance''. For only a dollar, this insurance entitled the policy holder to have their windows and yards cleaned after Halloween raids; 50¢ more included their cars.

The club also made pinatas for their Christmas party and ate at EL AZTECA, a Mexican restaurant in Ft. Wayne. During their regular meetings, members attempted to speak Spanish most of the time.

Spanish National Honor Society was in its second year of existance at GHS. There were eight members, including three new initiates: Beth Penland, Val Griffin, and Arnetta VonHolten.

Qualifications for the Honor Society included having a B+ average in Spanish and enrollment in Spanish III.

Spanish Honor Society members also ate at EL AZTECA. Maria Vallesi, exchange student from Carracas, Ven., was their guest. To make money for their outing they sold cookies at a basketball game.

Both Spanish clubs had booths at the Little 500. Spanish club sold tacos and Spanish Honor Society sold bunelos.

FCA, LETTERMEN'S--GHS Lettermen became members of the Big Brother Organization. Twice a month the Lettermen and their little brothers got together. The boys were from DeKalb and neighboring counties.

Another activity of the Lettermen was a button sale during Sectional week. They also co-sponsored a hayride with the Fellowship of Christian Athletes. Five tractors and wagons were needed to carry all of the students that attended. Hayriders were led through a spook house and a cemetary. FCA also had an overnight party in the gym and in May they had a canoe trip. At the Christmas convocation FCA members had a tug of war with Ebenezer Scrooge. PEP CLUB--For the first time in GHS, Junior High girls were able to join the high school pep club. Ninety-six members, largest number ever enrolled in pep club, sponsored bake sales at the Basketball games to earn enough money to buy pop for the Slumber party held on April 23. A movie called "Chambers of Horrors" and recreational games kept the pep club members busy throuhout the evening. In May, the club sponsored a car wash.

For an annual activity, the club sponsored a Parents Night for Football and Basketball. Seniors were also honored with a senior night in Basketball.

As a new project, Bill Muzzillo and Kay Cornell attended city council meetings representing the students concerning the parks and problems of the community.

VICA--Vocational Industrial Cooperative Association includes Drafting, Auto Mechanics, DE, and ICE. For money making projects they sold place mats, candles, and stationery.

ART CLUB--The new art club was for any students having interest in art. With sponsor, Mr. Larry Earhart, they visited WANE-TV, the art museum, and art school in Ft. Wayne. May 13, the club held a sale of student artwork. Profit was split between the students and club.

FFA--Future Farmers of America doubled its membership this year, including 8 girls.

FFA activities included a hog roast, a cider sale at the Auburn Fair, and a fishing trip to Canada.

The horse judging team came in first in county judging with Garrett team members placing one, two, three. In the livestock judging Karen Clady came in third and advanced to the regional contest.

FHA--Future Homemakers made cookies and small pastries to sell in the teachers' lounge every Wednesday. Other activities included a roller skating party at the Roller Dome and a Christmas Caroling party.

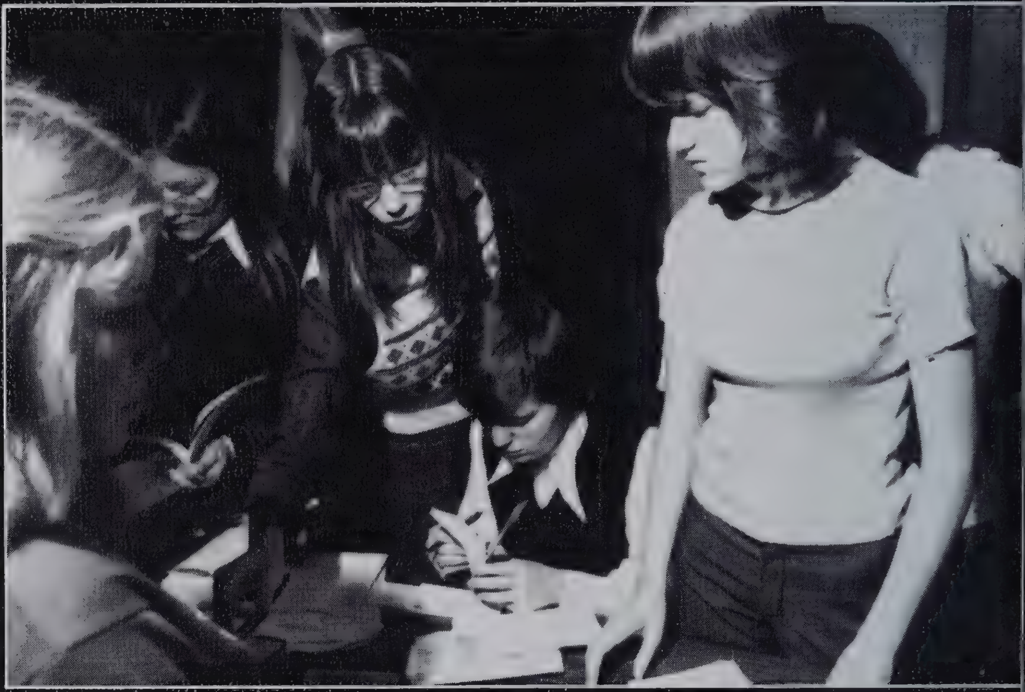
Aeolian staff works overtime in order to meet deadlines



Yearbook--More pages! This year more ads were sold than ever before: $2,800 worth. As a result, the yearbook was expanded to 200 pages.

Seven members of the staff attended a week long workshop at Ball State during the summer. The purpose was to learn more about producing a good yearbook. Three members were recognized for their outstanding work: Janet Walton for photography; Deb McDaniel for her writing ability; and Ann Muzzillo for her layouts.

For the first time there was a class for the yearbook. The staff met first period and worked on their sections. They also spent 20 weeks trying to choose a yearbook company. Universal Publications was finally chosen.

classes / UP, UP AND LEARNING

Our classes will provide us with different ways to learn. New classes were added this year. They were Building Trades, Local History, and Radio & TV Broadcasting. Building Trades gave boys the chance to work outside and to develop their skills at varying tasks. Local History students delved into Garrett's past and had articles printed in the Clipper revealing their finds. Radio - TV classes took turns making a program to be broadcast during activity period on Wednesdays. They also gave evening announcements every day.

Students on the Agriculture Judging teams performed outstandingly in Horse Competition. Garrett members took the top three places. Karen Clady placed fifth in the Livestock judging.

FOREIGN LANGUAGES--German, a new language this year, was taught by Mr. Gary Surfus. After this year, it will be continued but Latin won't be offered. There was a Latin II class so students could get their Latin minor. Seventy-seven students took Spanish with only three in Spanish IV.

← Yea!

MATH--Math classes got new textbooks. The new books were "fantastically" different from last year's. Mr. Richard Capin felt that the word terminology was changed about 70%. The Geometry class used mini groups of 2 or 3 people to discuss and work problems and proofs.

SOCIAL STUDIES--The new Local History class taped Centennial Minutes to be played on WIFF radio. World History wrote scripts of "This is Your Life" about Medieval people. Pastors from three local churches spoke to the Sociology class.

INDUSTRIAL ARTS--Metals classes, under Mr. Willie Wellhausen, planned a safety code for the classroom. Their code consisted of different colors for all danger areas in the shop.

Metals II class received a new saw for the course. In the classroom, they worked with different kinds of hand presses. At the beginning of the year, Mike Gingery got his hair caught in one of the presses.

The Electricity class studied electric motors, and to further their interests, took a field trip to Electric Motors in order to learn the building process of a motor.

Seventh graders did mass productions, which consists of research, developing designs, and manufacturing products.

A new addition to the Woods class was the new teacher, Mr. George Wilmore. A gun case, desk, and rocking chair were some of the major projects done by the Woods students.

When the students were finished with the major projects, they were allowed to make small projects on their own.

Art and Ag win in contest

ART--For the first time ever, GHS had a winner in the Scholastic Art Contest. The contest was sponsored by the L.S. Ayers and Company. Eighteen pieces of work were entered and out of over 1,500 entries from all over northern Indiana, Steve Griffin was fortunate to be chosen as a finalist.

During the second semester, Painting, Sculpture, and Ceramics classes had group discussions on famous artists of their fields. High School students had to turn in papers every week on the "Artist of the Week" chosen by their teacher, Mr. Larry Earhart.

AGRICULTURE--Only 8 students were employed on the Ag Co-op program. It was hard to find jobs since the unemployment rate was so high. The main purpose of this program is to find jobs that are interesting for the students and to teach them to get along with people.

Beginning Ag classes built mail boxes and later dog houses to sell for profits. The advanced class worked on rebuilding a tractor. The Conversation class took field trips to the Gene Stratton Porter Memorial Park and to the Pigeon River Game Reserve. Mrs. Gretel Smith spoke to Ag students about nature trails and outdoor recreation and Harold Custer spoke about the crop market and its future.

The horse judging team won in the DeKalb County competition. Raymond Perry had the high point total of everyone entered in the contest. Both Raymond and the team became eligible for state competition.

Researchers Visit Ft. Wayne Libraries.

ENGLISH--Shakespeare's play "The Twelth Night" was seen by ninth grade English students at Manchester College. The Research class also went along. Research had field trips to the Ft. Wayne Public Library and the IU-Purdue Library.

"Alice in Wonderland" and "The Devil and Daniel Webster" were presented by Theatre Arts for the grade school and underclass.

Mrs. Marie Campbell was the English Department's CETA teacher. She helped by taking over classes from time to time to give the regular teachers time to work on curriculum changes. There were five new teachers in the English Department: Mr. Steve Porter, Mrs. Margaret Eastes, Mr. Gary Surfus, Mrs. Beth Grogg, and Mrs. Bonnie Miles.

PHYS. ED.--Gymnastics was introduced to the Physical Education program for the first time. The class consisted of girls in grades 11 and 12, and was instructed by the new gym techer, Mrs. Pat Packard.

New equipment for volleyball, tennis, golf, and flag football were added to the gym program this year.

HEALTH--Another new teacher, Miss Cheryl Peters, asked Mrs Tim Albert and Bob Ewing to talk to the sophomores health classes about Garrett's EMS Unit, and what their job was.

STUDY HALL--Student Independent Responsibility, SIR, made study halls more ''peaceful''. SIR was given to any student 9-12, who had grades higher than a C average. The program consisted of 3, 4, or 5 days. The higher the grades were of each student, the more days SIR they were awarded. SIR gave the students the opportunity to leave study hall and report anywhere in the school during the study hour, other than the halls.

BAND--High point of the year for the band was when they received 241 points in the judging at the fair. This was 95 points more than last year - good enough for fourth place.

Another high point was three members qualifying for the state NISBOVA contest. Susan Griffin and Kathy Nuttle received 2nd place ratings and Jerry Sigler captured a 1st place.

After the last football game, Halloween night, anyone leaving Garrett on 327 could see the job the band members had done to their director Mr. Sliden's house. Several rolls of toilet paper and bars of soap were put to use decorating his trees and windows in celebration of the end of the marching season.

Lab students placed in jobs in community

above: **SMALL CLASS**--Shorthand II girls Sherri Best, Rita Kepple, and Deb Wiley take dictation from Miss Sarah Jean Eldridge.

BUSINESS--For the first time in Business Lab, the lab students were placed in a job of their choice throughout the Garrett community for a 10 hour period. This gave them the opportunity to see what the business world had to offer them.

Miss Sarah Jean Eldridge used new dictaphone belts for her Shorthand II class. Dictating letters into the dictaphone machine herself made it easier for the students to understand and use them at their own rate.

Mr. Larry Stomm took his Business Law and Bookkeeping classes on a field trip to the DeKalb County Circuit Court to see how a court case was presented.

In Business Machines, Mrs. Kathy Boice had a new testing process. For the first time in machines, a timed drill was given on each machine. They also had a proficiency test that showed whether or not their ability was high enough on that certain machine to go on to the next. All students were required to complete 9 machines in the one semester course.

SPECIAL ED.--The High School Special Education classes had a regular schedule. They offered English, Government, Economics, Employment Skills, and Science as their curriculum. The subjects are rotated each year so the students can get the same educational background for graduation.

Five studednts were employed in the cafeteria, in the Ober School as teacher's aids, at Garrett Flexible, and Krogers in Auburn. These students attended the Vocational Banquet.

CADET TEACHING--Cadet Teaching had 14 students who went into the J.E. Ober. They helped their assigned teachers and tutored the grade schoolers. ''It's hard to express something so they will understand,'' explained John Blomeke. ''It's an enjoyable experience,'' said Mark Feagler.

SCIENCE--Accuracy was improved in Science classes with the addition of calculators and an electronic balance. Physics and Chemistry benefited the most from the new instruments but other classes used them as well.

The end of the year kept the Science teachers and students occupied. There was a need for a full inventory of equipment and semester projects in Chem II and Biology II were due.

CHOIR--Joe Harmon, senior member of Concert Choir, was the first GHS singer to go to the NISBOVA State contest. Joe finished with a second place rating.

Mrs. Mildred Hansen, first year GHS teacher, loaned her own microphones, amplifier, speakers, and electric piano for use in the choral department.

"Daybreak", the swing choir, practiced at 7 a.m. Tuesday and Thursday mornings. It consisted of 24 members who gave special performances for community churches and organizations. Along with Concert, Mixed, and Freshman Choirs they had four concerts: a Christmas Concert, Pop Concert, Spring Concert, and a Bicentennial Concert.

Roast Beef and Apple Pie add To Voc Banquet

VOC. AG.--Conservation was under way in the Boy Scout Woods. Trails were made; trash and tree branches were cleared out. Karen Clady carried away livestock judging wins along with other students. A conservationist visited to explain his job. A barbecue pig roast was held for parents, school officials, and FFA members.

VOC. BANQUET--Awards were presented to those that achieved in all vocational areas at the annual banquet. Plaques were given to those community members and teachers who helped with the program.

DE AND ICE--DE and ICE had 22 students participating. This program grew by 7 students.

AUTO MECH--Students in Auto Mechanics had new help to tear motors apart and put them back together. Mr. Bill Albertson was often seen sliding beneath a car or under the hood.

VOC. DRAFTING--For the Building Trades house, Vocational Drafting designed the plans. A one story was designed for this year. The classes visited different structures and made digital clocks.

HOME ECONOMICS--The Home Ec department was the scene of a crime. Thieves broke in early one Sunday morning and made themselves breakfast.

The clothing classes helped decorate the building trades house. In Consumer Education, students studied all types of home management. The bank bought two sets of pamphlets for their use. Interpersonal Relations and Adult Living classes had many discussions concerning topics like mercy killings, drugs, abortions, and teenage marriages. An adult was invited to participate in all of their panel discussions. Each person in Foods class kept a notebook of recipes they liked and used. The Child Development class went to Headstart to play and observe the behavior of the pupils.

BUILDING TRADES--One of the new programs this year is Building Trades. Two classes of guys and their instructor, Mr. Owen Bradley, built a one story house with a full basement on Maple Lane in Woodview Estates. At the end of the year, the house was sold at market value.

Before going out on the job, the students had to spend time in a classroom learning basics. They studied how to purchase property, deeds, restrictions and requirements. ''Building Trades covers a wide area of profession,'' stated Mr. Bradley. Students learn cementing, masonry, plumbing, heating, and electricity. Carpentry is the main overall profession taught.

people/up with PEOPLE

Seventeen new teachers came to GHS this year and Garrett elected three new school board members who took office July 1. Harold Custer, Mo Getts, and George Dykstra were elected. In our mock election, we chose the same candidates.

The board hired an architect to draw up plans for new facilities but the plans were temporarily scrapped as a result of public disapproval.

GHS had some students make outstanding achievement this year. Seventh grader Susan Dudash won the district spelling contest, sponsored by Fort Wayne's Journal Gazette, and competed in the National contest at Washington D.C.

Dennis Kennedy was named a National Merit Scholarship Finalist and Howard Smith and Bobbie Yarde were Commended Students.

Beginning February of 1976, school board and teacher negotiation teams struggled to form a new contract. In June, the state appointed a fact-finder to assist both teams in arriving at a settlement. The school board and teachers accepted all recommendations of the fact-finder and the final agreement, signed in October, contained a salary increase of 8.5% including increments.

Another provision in the contract was the appointment of area supervisors to replace department heads. The supervisors worked together on assessing curriculum and setting the budget for the entire school.

One-third of the teachers at GHS this year were new. They are: Mr. Dick Boyd, Mrs. Bonnie Miles, Mrs. Mildred Hansen, Mr. Larry Earhart, Mr. William Albertson, Mr. George Wilmore, Mr. Steve Porter, Mrs. Margaret Eastes, Mr. Steve Stocker, Mr. Larry Piety, Mr. Thomas Chiado, Mr. Gary Surfus, Mrs. Beth Grogg, Mrs. Jackie Gilbert, Mr. James Burger, Mrs. Pat Packard, and Mr. Owen Bradley.

Enough funds provide for more Individual guidance and aid

CETA--For the first time at Garrett, the CETA funds were adequate enough to employ eleven adults and five students into the school system. This is the largest amount of CETA people ever employed at one time at Garrett High School. CETA, Comprehensive Employment Training Act, is a program set up by the Government and is 100 per cent federally funded. The main purpose of the CETA program was to assist those people out of work. With the program being a one-year project, there is no guarantee that the same positions will be available in future years.

Mrs. Doris Klug, psychometrist, helped the teachers with all kinds of diagnostic testing. Mrs. Klug is the first psychometrist ever employed at Garrett. Mrs. Aletha Bailey, a specialist in reading, was hired to develop a reading program for the Junior High. Mrs. Bailey gave all seventh graders individualized reading tests. Mrs. Marie Campbell, an English teacher with thirteen years of experience in teaching, was hired to relieve the English teachers so they could work on developing their curriculum. Miss Peggy Ingnatz was employed to teach and work with the exceptional children of all grade levels.

Miss Becky Smith was hired in the office as Asst. Principal John Hutton's Secretary. Mr. Ken Cutler assisted Athletic Director Tom Crist. Mr. Denny Gall worked in the Special Education Department and tutored those students in need of help. Mr. Bart Packard taught health classes and supervised the lunch room. Miss Cheryl Peters was employed for health and physical education. Mr. Bill Beber worked with Mrs. Mildred Hansen in directing and playing for her music classes.

North Central evaluation committee members, when examining GHS in December of '73, emphasized the need for new classrooms and facilities. They also felt that a new heating plant, library, special ed and therapy facilities, and vocational ag facilities were pressing priorities.

After hearing recommendations, the school board drew up plans for expansion including tennis courts, a new track, football field, 2 baseball diamonds, an agriculture shop, new classrooms for high school and elementary, a new heating system and an auditorium.

During a school board meeting in October, a public hearing was held on the proposal to increase the cumulative building fund rate from 30 to 75 cents per $100 property valuation to raise money to finance the new project. After a discussion period, the resolution was passed for the increased rate and forwarded to state officials for action. After screening several architectural firms, the Board of Education employed the firm of Schenkle & Schultz from Ft. Wayne.

Councilman John Von Holten called a public meeting to discuss the school program and the name Concerned Citizens of the GKB Community School District was adopted. The Concerned Citizens prepared a survey and distributed it to taxpayers in the GKB area. On the survey each household could reveal what they thought to be first priorities. Upon return of the surveys, it was discovered that the majority of the families polled were in favor of a building plan. Adults of the community urged by Mr. Roy Williams, Clipper editor, to attend the GHS Swap Day to find out for themselves the condition of the school.

Because of the controversy and because three school board members were retiring July 1, the board decided to halt all plans for the new facilities. When the new school board takes over in July, 1976, it will be their option whether or not to reconsider these plans.

The Student Council took an interest in the School Board election because the outcome would effect every student. Candidates were given an opportunity to speak to the student body and answer their questions. In a mock election, the students elected Mr. George Dykstra, Mr. Harold Custer, and Mr. Maurice Getts. In the Primary election, mutual results led Dykstra, Custer, and Getts to their four year terms in office.

Two new exchange students, Adib Kurban from Porto Alegre, Rio Grande Do Sul, Brazil, and Maria Vallesi from Caracas, Venezuela, enjoyed playing in the snow and ice skating the most during their visit here. Also, it was Adib's first time to watch and learn about baseball and football. He played basketball during the winter. Maria liked to go shopping here and also enjoyed going to rock concerts. Both Maria and Adib liked our study system and appreciated their opportunity to learn English better. Maria also liked to see and wear the clothes of people of another country. Food was another favorite of both Adib and Maria since they both gained weight while they visited here.

A survey conducted by the J. H. Express sports staff named Randy Mosley and Joni Feagler as the best junior high athletes. Mosley gathered 68% of the votes and Joni raked in 96%.

The eighth grade football team ended their season with a 4-1-2 record as they suffered their only loss against Eastside 14 to 0. The seventh graders won the same number of games, tied once, and lost two, to Kendallville & Angola.

The 7th grade basketball team compiled a 10-8 record and came away with two tourney wins as they took both the Angola and Eastside tourneys. The 8th grade squad compiled a 13-7 record.

Four track records were broken by Paul Ewing, Randy Mosley, Carson Sparks, and Jim Van Auken as the Jr. High track team ended the year with 3 wins.

below: **MEETING THE DEADLINE**--For the first time in many years a junior high newspaper is in circulation. Here the staff works on it together.

Student Council sponsored a record number of Jr. High dances this year. They had a Sadie Hawkins record hop, a Christmas dance, and after the last day of school, they sponsored an "End of School Dance". The Council also sponsored a Roller Skating party at the Silver Moon on December 2. With the money they profited, they paid half the price of new pom-poms for the cheerleaders.

The Spirit Club held a "Mr. Ugly" contest where students dresses up and were judged. When the votes were all in, Rex Kock was named the winner.

The J. H. Express came out every two weeks and there was a new editor each time so everyone had a chance to be in charge.

The Knitting Club met every week and the girls learned new techniques. The Science Club also met weekly to discuss new scientific discoveries and any topic they found interesting.

Going to see the play "Huck Finn" in Ft. Wayne was a field trip for all 7th grade English classes.

The English & Social Studies classes together staged two trials. The cases involved determining the ownership of a ring and a notebook. Mr. Tom Crist & Mr. Larry Piety were judges & students portrayed the jurors and lawyers.

Seventh grade science classes used the Boy Scout woods on two different occasions to gather leaves and insects for collections they made.

Band and choir students presented 3 concerts, the band gave a performance for St. Joseph School, and the choirs gave a Bicentennial concert.

All Jr. High students had classes on a rotation basis. Home Ec, Industrial Arts, Music, Art, Mass Media, Group Guidance, and Agriculture.

For the first time, the Junior High put on a play for the public. They presented "The Fastest Thimble in the West" on April 24 in the J. E. Ober Auditorium.

FROM OUR . . .

We have come a long way from the time when our forefathers began this new nation exactly 200 years ago. Under the names of Change and Progress, many inventions, achievements, and accomplishments have greatly changed the lives of our people.

In this age of automation and specialization, we are no longer self-sufficient individuals, but rely upon others for our sustenance. With the assistance of our merchants, we are able to keep up with the latest fads in clothing, recreation, and music, purchase materials for our home, study, and leisure needs, or have a place to rap and satisfy our munchies after an exciting Railroader game.

Since businessmen fulfill such an important role in our lives, it is only proper that we respectfully devote them a few pages, showing our appreciation in this Bicentennial observance of "a word from our sponsors".

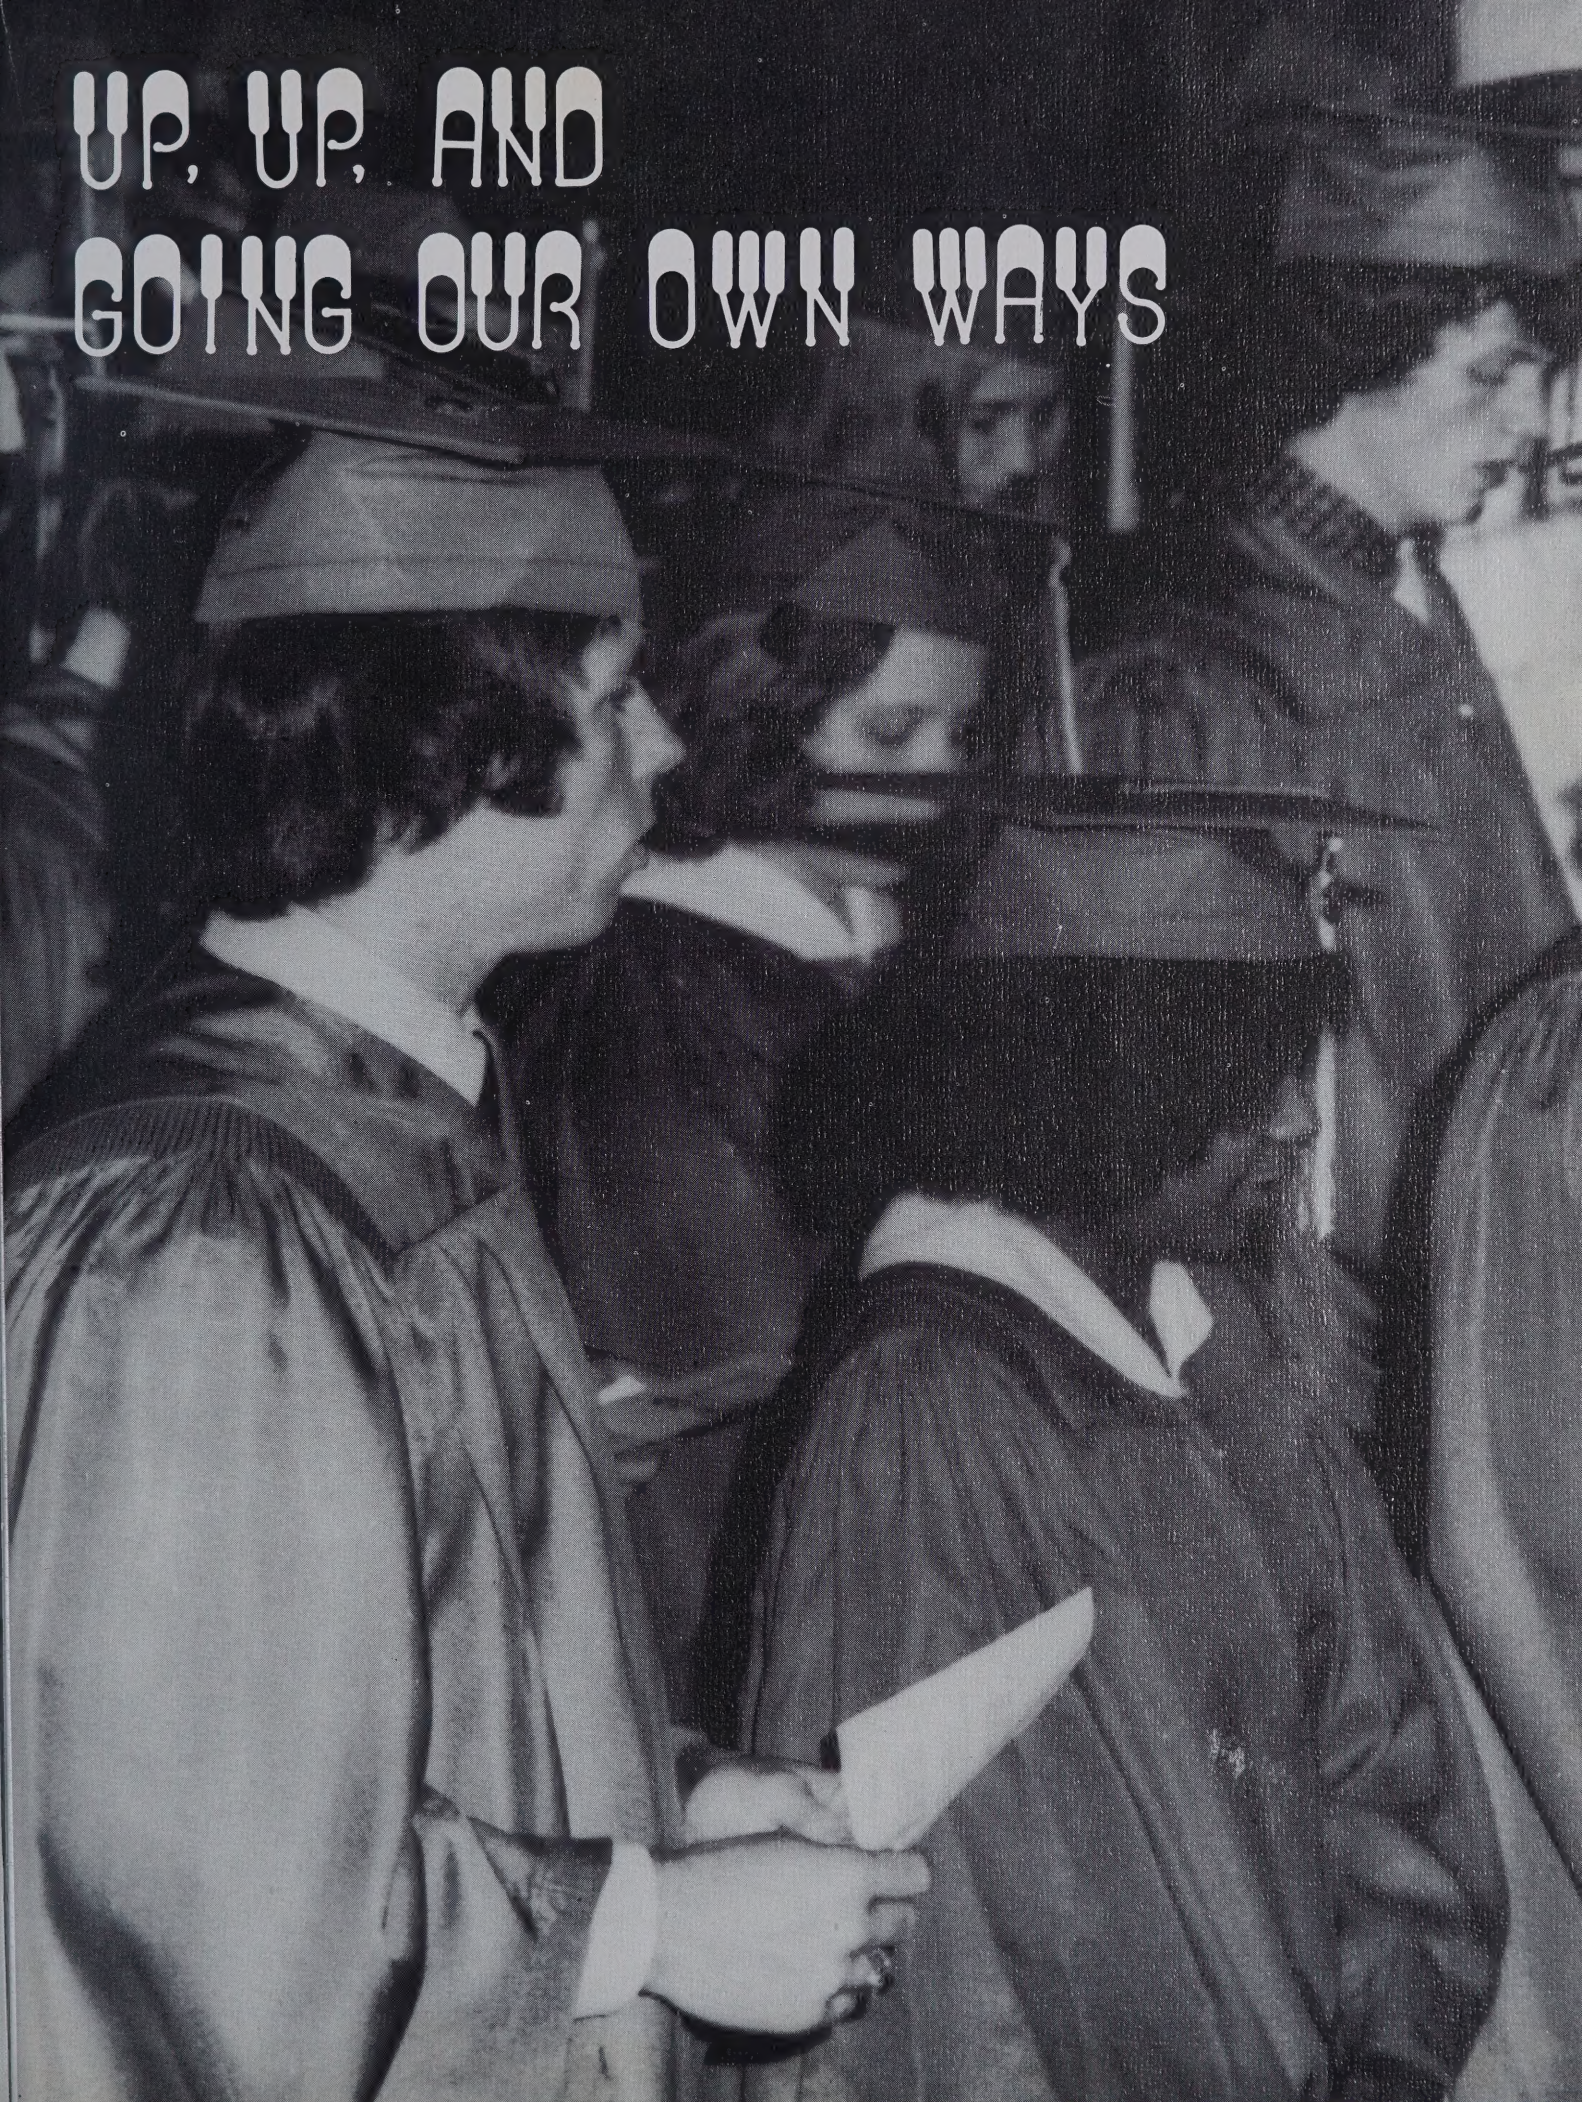
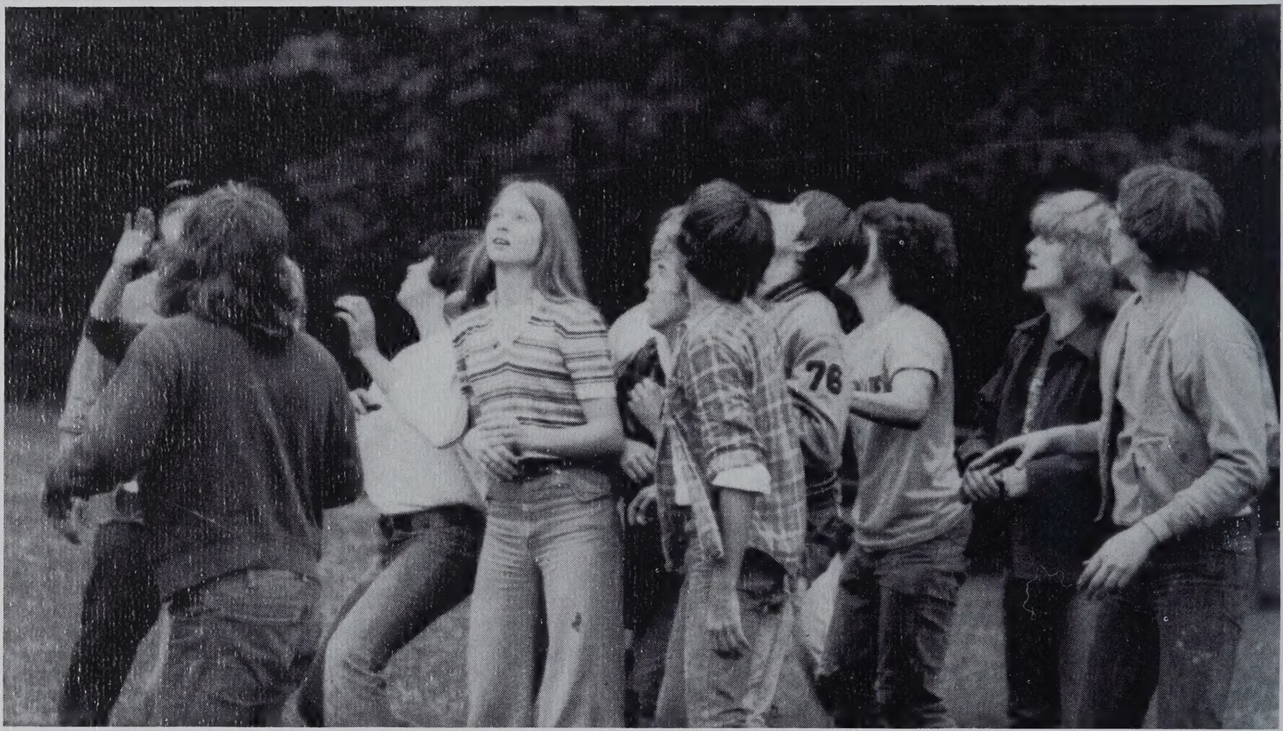
UP, UP, AND GOING OUR OWN WAYS



UP, UP, AND AWAY



The 1976 Garrett High School Aeolian was printed by Universal Publications Inc. of Kansas City, Missouri. The school representative was Mr. John Yount of Muncie. The special plant representative was Mr. Rick Martin. All body copy was printed in 10 point Century Textbook Standard and all captions were printed in 8 point Century Textbook Standard. Formatt No. 5558 type was used for the headlines on the theme and division pages. The other headlines were done in a variety of company offered styles and ranged from 30 point to 76 point type. Art work sketches in the book were done by Ray Osteen. All underclass, senior, club and many candids and team pictures were shot by Mr. Blaine Feightner. A special thanks goes to him for all of the time and advice he gave us. Most of the pictures were developed by 20-20 Lab in Ft. Wayne, Davis Studio in Auburn, or Prestige Portraits in Muncie. The yearbook advisor was Mrs. Dorothy Feightner. The time and work she gave to the staff and book are deeply appreciated. She deserves a big "THANK YOU".
